

Supplementary information, Fig. S4

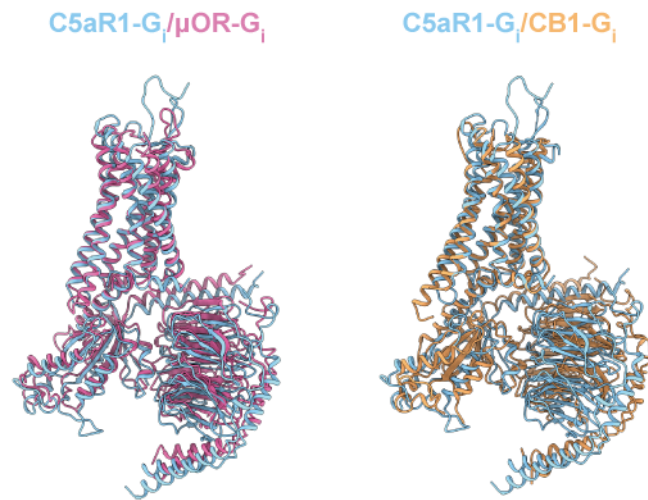

Fig. S4. Structural alignment of C5aR1-G_i complex with μOR-G_i complex and CB1-G_i complex. The superimposition was based on the receptor. Light sky blue, C5aR1-G_i complex; hot pink, μOR-G_i complex (PDB:6DDE); orange, CB1-G_i complex (PDB: 6N4B).
