

**A. Rank of probability between intra-articular administrations for drainage volume after TKA**

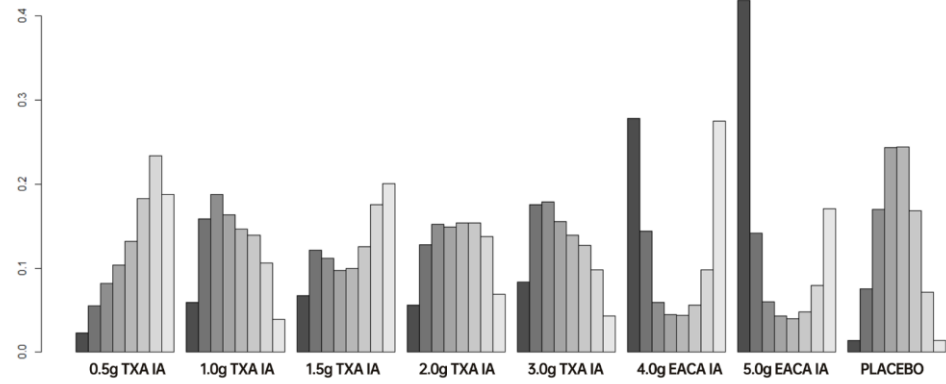

**B. Rank of probability between intravenous (g) administrations for drainage volume after TKA**

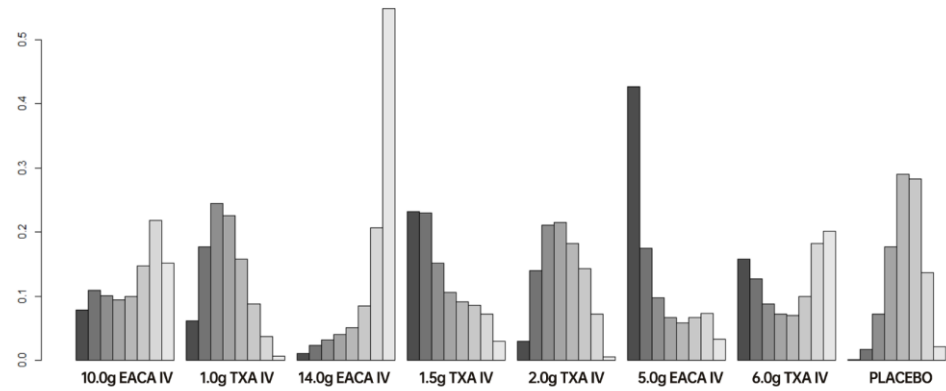

**C. Rank of probability between intravenous (mg/kg) administrations for drainage volume after TKA**

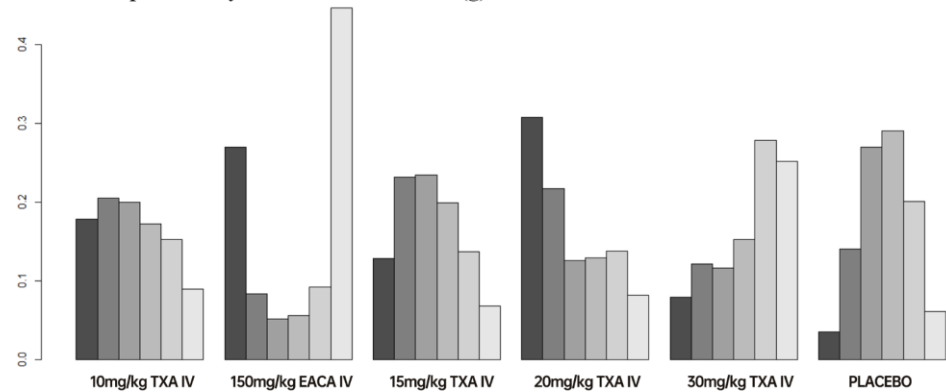

Supplementary figure. Rank of probability for drainage volume after TKA

**A. Rank of probability between intra-articular administrations for DVT/PE rates after TKA**

**B. Rank of probability between intravenous (g) administrations for DVT/PE rates after TKA**

**C. Rank of probability between intravenous (mg/kg) administrations for DVT/PE rates after TKA**

**Supplementary figure. Rank of probability for DVT/PE rates after TKA**
