Data

Data available: No

Additional Information

Explanation for why data not available: This study contains the results of secondary analysis of the USA Monitoring the Future (MTF) surveys. The authors followed university and MTF protocol regarding access to and analysis of the data for this study. Data is not available without written consent from MTF and interested researchers can apply for MTF panel data access through the US National Addiction & HIV Data Archive Program (NAHDAP) at the University of Michigan.
