Data Sharing Statement

Mo. Early Detection of Molecular Residual Disease and Risk Stratification for Stage I to III Colorectal Cancer via Circulating Tumor DNA Methylation. *JAMA Oncol*. Published April 20, 2023. doi:10.1001/jamaoncol.2023.0425

Data
Data available: Yes
Data types: Deidentified participant data
How to access data: Individual participant data that underlie the results reported in this article, after deidentification will be shared if investigators whose proposed use of the data has been approved by the investigators from the core research team members identified for this purpose. Proposals should be directed to gxcai@fudan.edu.cn.
When available: With publication

Supporting Documents
Document types: None

Additional Information
Who can access the data: Researchers whose proposed use of the data
Types of analyses: Academic Use, Application for Approval
Mechanisms of data availability: With/without investigator support (it depends on case), After approval of a proposal, or with a signed data access agreement
