Demographics

Thank you for being a part of our research. People live in different places, with different customs, cultures, sexual practices and beliefs. We hope to include people from different communities in our research. We respect all people, regardless of their differences. Not all questions we ask in our research will apply to you. Because we do not want to make assumptions, we ask the same questions of everyone. We want you to be comfortable in speaking with us. You do not have to answer any question that makes you uncomfortable.

Now I am going to ask you some questions about yourself. The answer to these questions will tell us more about who you are, such as your age and ethnicity (what cultural group you come from). I will also ask you about your sex and gender. Please feel free to ask any questions about things that you don't understand.

1	What is your date of birth?	<table border="1" style="display: inline-table; border-collapse: collapse;"> <tr> <td style="width: 30px; height: 20px;"></td> <td style="width: 30px; height: 20px;"></td> <td style="width: 30px; height: 20px;"></td> <td style="width: 30px; height: 20px;"></td> <td style="width: 30px; height: 20px;"></td> <td style="width: 30px; height: 20px;"></td> </tr> <tr> <td colspan="2" style="text-align: center;"><i>dd</i></td> <td colspan="2" style="text-align: center;"><i>MMM</i></td> <td colspan="2" style="text-align: center;"><i>yy</i></td> </tr> </table>							<i>dd</i>		<i>MMM</i>		<i>yy</i>		OR	<i>If unknown, record age:</i> <table border="1" style="display: inline-table; border-collapse: collapse; vertical-align: middle;"> <tr> <td style="width: 30px; height: 20px;"></td> <td style="width: 30px; height: 20px;"></td> </tr> </table> <i>years</i>		
<i>dd</i>		<i>MMM</i>		<i>yy</i>														
2	What is your sex at birth?	<input type="checkbox"/> <i>Male</i> <input type="checkbox"/> <i>Female</i>																
3	How do you identify your gender? <i>Mark all that apply.</i>	<input type="checkbox"/> <i>Male</i> <input type="checkbox"/> <i>Female</i> <input type="checkbox"/> <i>Other, specify:</i> <i>Local language:</i> _____ <i>English:</i> _____																
4	Are you currently a student?	<input type="checkbox"/> <i>Yes</i> <input type="checkbox"/> <i>No</i>																

This interviewer-administered form is used to collect participants' demographic information.

This form is completed for all participants who were assigned a Participant ID during screening. Submit this CRF with **Screening Outcome** form for those participants who do not enroll. Submit after the enrollment visit only for those participants who enroll.

Item-specific Instructions:

Item 1	If any portion of the date of birth is unknown, record age at time of enrollment. If age is unknown, record participant's estimate of their age. Do not complete both answers.
Item 3	This item must be self-reported by the participant. Site staff is encouraged to document in chart notes if the participant, during study participation, prefers to be referred to by a specific pronoun or gender.

Baseline Behavior Assessment

A broad range of participants are taking part in this study. So some questions may not apply to you. We ask the same questions of all participants.

In this interview, you will be asked about your sexual behaviors and possible alcohol and drug use. Some of the questions may seem very personal. Please remember that all of your answers will be kept private. Your responses are linked only to your study number, not to your name.

We need you to answer these questions honestly. We do not judge about alcohol or drug use. We make no judgments about how you have sex or the number of times or with whom.

These questions help us understand the type of behaviors our participants are doing while on study. Your honesty will help us understand these differences in behaviors.

HIV TESTING HISTORY

1 Prior to participating in this study, did you ever have an HIV test? Yes No → If no, go to item 2.

1a. How many times have you had an HIV test in your lifetime? # of times

1b. When was your most recent HIV test?
dd MMM yy

1c. What was the result of that test? Negative Positive Don't know

INCARCERATION

2 In the last 3 months, how many different times were you in...

2a. Jail/prison? # of times

2b. Involuntary detoxification/detention? # of times

2c. Other incarceration, specify: # of times

Local language: _____ English: _____

This assessment documents information on a participant's behaviors. These questions ask the participant to provide sensitive information. To increase honest and accurate responses it is important to demonstrate that all information will be kept private and confidential.

This is an interviewer-administered form.

Item-specific Instructions:

Item 1b	When possible record the complete date (day, month, year). If the exact date is unknown, record month and year.

Baseline Behavior Assessment

ALCOHOL USE (Audit C) Answer questions to reflect your behavior over the past 3 months.

3 How often do you have a drink containing alcohol?

Never **→** *If never, go to item 6.* *2-3 times a week*
 Monthly or less *4 or more times a week*
 2-4 times a month

4 How many standard drinks containing alcohol do you have on a typical day?

1 or 2 *7 to 9*
 3 or 4 *10 or more*
 5 or 6

5 How often do you have six or more drinks on one occasion?

Never *Weekly*
 Less than monthly *Daily or almost daily*
 Monthly

NON-INJECTION DRUG USE

6 In the last 3 months, did you...

	<i>Yes</i>	<i>No</i>
6a. Use marijuana?	<input type="checkbox"/>	<input type="checkbox"/>
6b. Use stimulants (cocaine, methamphetamines)?	<input type="checkbox"/>	<input type="checkbox"/>
6c. Use opiates (heroin, opium)?	<input type="checkbox"/>	<input type="checkbox"/>
6d. Use other drugs (<i>as indicated by sites</i>), specify:	<input type="checkbox"/>	<input type="checkbox"/>

Local language: _____

English: _____

7 When was the last time you used marijuana, amphetamines, methadone, opiates or benzodiazepines that you did not inject?

Never
 OR

dd MMM yy

This assessment documents information on a participant's behaviors. These questions ask the participant to provide sensitive information. To increase honest and accurate responses it is important to demonstrate that all information will be kept private and confidential.

This is an interviewer-administered form.

Item-specific Instructions:

Item 6	Record any non-injected use of the drugs indicated (smoke, ingest, sniff, etc.). If appropriate, use local or street name of the drug.
Item 7	If the participant has never used these drugs in a non-injected method, mark "never." When possible record the complete date (day, month, year), if the exact date is unknown record month and year. If appropriate, use local or street name of the drug.

Comments (*Local Language*): _____

Comments (*English*): _____

This form is used to document new or returning network partners at follow-up visits.

The index may enroll additional network partners over the course of the study if the relationship and the partner meet protocol eligibility criteria. The index may end a relationship with a network partner, begin a relationship with a network partner or re-establish a relationship with a previous network partner. However, an index participant may only have up to 5 active network partners at any given time.

Item-specific Instructions:

Item 1	If no partners are listed on the Social/Sexual Network List (non-CRF), enter 000.
Item 2	If no new partners were added, enter 000.
Item 4	Returning partners who had previously enrolled in the study maintain his/her original Partner ID.

Follow-up Visit

1 Is this an interim visit? Yes No → *If no, go to item 2.*

1a. Reason for interim visit. **Mark all that apply.**

- 1a1. Report a new AE(s)
- 1a2. Report a social impact
- 1a3. HIV testing
- 1a4. New injection partner
- 1a5. Repeat laboratory work
- 1a6. Other, specify:
(Local language) _____
(English) _____

1b. Besides this form, what other DataFax forms were completed at this visit? **Mark all that apply.**

- 1b1. Partner HIV Test Results
- 1b2. Index ART Initiation
- 1b3. Substance Use Treatment Initiation
- 1b4. Urine Drug Screen
- 1b5. Specimen Storage
- 1b6. CD4+/Viral Load Results
- 1b7. Adverse Experience Log (new)
- 1b8. Social Impact Log (new)
- 1b9. Other, specify:
(Local language) _____
(English) _____

2 At this visit, how many new Adverse Experiences (AEs) have been reported? → *Complete a separate AE Log page for each AE. If none, enter 00.*

3 At this visit, how many new social impacts have been reported? → *Complete a separate Social Impact Log page for each event. If none, enter 00.*

This form is used to summarize information from each participant follow-up study visit (including interim visits).

Item-specific Instructions:

Visit Code	If this form is used for an interim visit, use an interim visit code. If it is used for a scheduled visit, use the visit code required for that visit. If this form is used for an interim visit, all other forms completed for this visit must have the same visit code as the one on this Follow-up Visit form.
Item 1b	Mark the newly completed forms (in addition to this form) that are being submitted for the interim visit/contact. If "other, specify" is marked, record the form acronym(s) in the space provided.

Participant ID:

<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>	<input type="text"/>

Social Impact Log

- 1 Concisely describe social impact: _____

- 2 Onset date:
dd MMM yy
- 3 Reported at visit: .
- 4 Social impact code: → *See back for definitions of Social Impact Codes.*

Complete this form when recording the occurrence and resolution of adverse social impacts reported on scheduled Social Impact Assessment Questionnaire forms and those reported spontaneously at any time during the study.

Social impacts are events that the participant thinks are related to participation in this study.

Item-specific Instructions:

Item 3	If a participant reports a negative social impact outside of a regularly scheduled visit, complete this Log and the Interim Visit form. Record the same interim visit code on both forms.	
Item 4	Use the following definitions to code the social impact.	
	Code	Definition
01	Personal Relationships	Had negative experiences with family, friends, significant others, or sex partners.
02	Travel/Immigration	Had problems obtaining formal permission to travel to or enter another country, such as being denied a visa, or had a problem with immigration/naturalization.
03	Employment	Been turned down for a new job, lost a job, or experienced other problems at work.
04	Education	Been turned down by an educational program, told to leave an educational program, or experienced other problems at school.
05	Medical/Dental	Been refused medical or dental treatment, or treated negatively by a health care provider.
06	Health Insurance	Lost health insurance, had a problem getting new health insurance, or experienced other problems related to health insurance.
07	Life Insurance	Lost life insurance, had a problem getting new life insurance, or experienced other problems related to life insurance.
08	Housing	Had trouble getting or keeping housing, or had other problems related to housing.
09	Military/Other Government Agency	Had a problem with the military or any other government agencies.
10	Other	Had other problems not covered in the codes above.

	<i>Local language:</i> _____	<i>English:</i> _____		
3	Indicate the total number of impacts:	<input type="text"/> <input type="text"/> # of impacts		<i>Complete a separate Social Impact Log (SIL) for each impact.</i>
4	Has your participation in this study had any positive or beneficial impact on your life?	<input type="checkbox"/> Yes	<input type="checkbox"/> No	<input type="checkbox"/> Don't know <i>If no, end of form. Do not fax page 2.</i>

Complete this form when documenting information on any social impact, whether positive or negative, that a participant experiences as a result of being in this HIV prevention trial.

Adverse social impacts associated with study participation must be reported and followed until their resolution using the Social Impact Log. Only report new experiences on this form that have not already been documented on a Social Impact Log. Worsening or continuation of a situation previously reported is not considered a “new” experience.

Item-specific Instructions:

Items 1-3	<p>Read all sub-items to the participant and mark a response for each. If the participant refuses any, write “refused” and line through the response box.</p> <ul style="list-style-type: none"> • If the participant answers “yes” to any responses in item 2, a Social Impact Log page must be completed. • Total the number of social impacts reported and enter the number in the boxes labeled “total number of impacts.” Complete one Social Impact Log page for each impact reported. • If two separate occurrences of the same type of social impact are reported, (e.g., two separate episodes of personal relationship problems), mark the “yes” box for that social impact, and include both episodes in the total. Complete one Social Impact Log page for each episode.
Item 4	A “beneficial” impact means anything good or that has improved the participant’s quality of life.

Social Support and Stigma Questionnaire

In this section, I am going to read you statements about how you may feel about yourself, your injection drug use, and your HIV/AIDS infection. I would like you to tell me if you agree strongly, agree, disagree, or disagree strongly with each statement.

INTERNALIZED STIGMA AND SHAME

		<i>Agree strongly</i>	<i>Agree</i>	<i>Disagree</i>	<i>Disagree strongly</i>
1	I think less of myself or I have felt ashamed because:				
	1a. I inject drugs.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
	1b. I am living with HIV.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

EXPERIENCED STIGMA

		<i>Agree strongly</i>	<i>Agree</i>	<i>Disagree</i>	<i>Disagree strongly</i>
2	I have become isolated from my family because:				
	2a. I inject drugs.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
	2b. I am living with HIV.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

ANTICIPATED STIGMA

		<i>Agree strongly</i>	<i>Agree</i>	<i>Disagree</i>	<i>Disagree strongly</i>
3	I fear that if I disclosed my HIV status to my family, they would exclude me from usual family activities.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
4	I fear that if I disclosed my HIV status to others, I would find it hard to find work.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
5	I fear that if I go to an MMT or buprenorphine clinic to treat my substance use I will be treated poorly.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
6	I fear that if I go to an HIV clinic I will be treated poorly because I inject drugs.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
7	I do not feel comfortable talking to health care providers as I feel they would judge me.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

No instructions necessary.

Follow-up Behavior Assessment

A broad range of participants are taking part in this study. So some questions may not apply to you. We ask the same questions of all participants.

In this interview, you will be asked about your sexual behaviors and possible alcohol and drug use. Some of the questions may seem very personal. Please remember that all of your answers will be kept private. Your responses are linked only to your study number, not to your name.

We need you to answer these questions honestly. We do not judge about alcohol or drug use. We make no judgments about how you have sex or the number of times or with whom.

These questions help us understand the type of behaviors our participants are doing while on study. Your honesty will help us understand these differences in behaviors.

FOLLOW-UP DEMOGRAPHICS

1 How would you describe your current living situation? *Mark all that apply.*

- 1a. Live in a house that I own or rent
- 1b. Live in parent's home
- 1c. Live in other relative's home (e.g. sibling, cousin, aunt and/or uncle)
- 1d. Rent a room or space in someone else's house or apartment
- 1e. Stay with someone else for free (don't pay regular room and board)
- 1f. Live on the street, in a park, alley or abandoned building
- 1g. Live in a homeless shelter
- 1h. Stay at more than two different places a week
- 1i. Live in a drug recovery or any transitional house
- 1j. Other place, specify:
 Local language: _____
 English: _____
- 1k. Refuse to answer

This assessment documents information on a participant's behaviors. These questions ask the participant to provide sensitive information. To increase honest and accurate responses it is important to demonstrate that all information will be kept private and confidential.

This is an interviewer-administered form.

9 How often do you have a drink containing alcohol?

Never **→** *If never, go to item 12.* *2-3 times a week*

Monthly or less *4 or more times a week*

2-4 times a month

10 How many standard drinks containing alcohol do you have on a typical day?

1 or 2 *7 to 9*

3 or 4 *10 or more*

5 or 6

11 How often do you have six or more drinks on one occasion?

Never *Weekly*

Less than monthly *Daily or almost daily*

Monthly

NON-INJECTION DRUG USE

12 In the last 3 months, did you... *Yes* *No*

12a. Use marijuana?

12b. Use stimulants (cocaine, methamphetamines)?

12c. Use opiates (heroin, opium)?

12d. Use other drugs (*as indicated by sites*), specify:

Local language: _____

English: _____

13 When was the last time you used marijuana, amphetamines, methadone, opiates or benzodiazepines that you did not inject? OR *Never*

dd MMM yy

This assessment documents information on a participant's behaviors. These questions ask the participant to provide sensitive information. To increase honest and accurate responses it is important to demonstrate that all information will be kept private and confidential.

This is an interviewer-administered form.

Item-specific Instructions:

Item 12	If appropriate, use local or street name of the drug.
Item 12d	Record any non-injected use of the drugs indicated (smoke, ingest, sniff, etc.).
Item 13	When possible record the complete date (day, month, and year). If the exact date is unknown, record month and year. If the participant has never used these drugs in a non-injected method, mark "never."

Follow-up Behavior Assessment

SEXUAL BEHAVIOR QUESTIONS

The next few questions are about sexual behavior. These are very personal questions. Please remember that all the information you give us is confidential. We ask that you answer the questions as honestly as you can.

33 In the last month, did you have vaginal or anal sex? Yes No → *If no, go to item 39.*

34 In the last month, how many different female sex partners have you had? # of female sex partners

35 In the last month, how many different male sex partners have you had? # of male sex partners

36 Do you have a main partner such as a husband/wife or boyfriend/girlfriend? Yes No → *If no, go to item 38.*

36a. Is your main partner male or female?

Male Female Other, specify: (Local language) _____
(English) _____

37 In the last month, how many times did you have vaginal or anal sex with your main partner? # of times → *If 000, go to item 38.*

37a. How many of these times did you (or your partner) use a condom? # of times

38 In the last month, how many times did you have vaginal or anal sex with someone other than a main partner? # of times → *If 000, go to item 39.*

38a. How many of these times did you (or your partner) use a condom? # of times

Next I am going to ask about your sex trade (paid or paying) partners. By sex trade partners, I mean people that you had oral, vaginal or anal sex with in exchange for money, drugs, food or a place to stay.

39 In the last month, how many times did you give sex partners money or drugs in exchange for sex? # of times

40 In the last month, how many times did a sex partner give you money or drugs in exchange for sex? # of times

This assessment documents information on a participant's behaviors. These questions ask the participant to provide sensitive information. To increase honest and accurate responses it is important to demonstrate that all information will be kept private and confidential.

This is an interviewer-administered form.

Item-specific Instructions:

Item 36	"Main partner" is someone you consider your wife/husband/boyfriend/girlfriend, have oral, vaginal or anal sex with, have been in a relationship with for at least 3 weeks. Do not include anyone you have had sex with casually or in exchange for money, drugs, food or a place to stay.

Index Follow-up HIV Care and ART

The next few questions are about anti-HIV medicines called antiretroviral therapy that you may be taking. These questions are not about drugs you may be taking to treat substance use. We need to know what is really happening, not what you think we "want to hear." Many people find it hard to take their medications all of the time.

1 Since your last visit, have you seen an HIV clinician? Yes No → **If no, go to item 2.**

1a. If yes, on what date?

dd MMM yy

1b. How many total clinical visits have you had since your last study visit? # of clinical visits

2 Since your last study visit, with whom have you shared that you are living with HIV? *Mark all that apply.*

2a. Spouse/Partner/Girl-Boyfriend 2e. Friends

2b. Own children 2f. Others

2c. Parents 2g. No one

2d. Other family members 2h. Refuse to answer

3 How many of your drug partners (the people you inject drugs with) know that you have HIV?

All of my partners Less than half of my partners

More than half of my partners None of my partners

This is an interviewer-administered form.

Item-specific Instructions:

Item 1a	When possible record the complete date (day, month, year). If the exact date is unknown, record month and year.

Follow-up Substance Use Treatment

6 Many people find it difficult to continue MMT or buprenorphine, even if they have previously tried, because of challenges in the health systems/health care process. What were the reasons you have not continued MMT or buprenorphine?

	<i>Agree</i>	<i>Disagree</i>	<i>Not relevant/ Not applicable</i>
6a. The waiting list is too long.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
6b. You don't have the necessary materials (ID card, paperwork).	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
6c. You find getting on drug treatment is too much of a hassle.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
6d. You do not know how or where to get drug treatment.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
6e. You find transport/travel to the clinic is difficult.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
6f. You have been traveling.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
6g. You have been in jail or incarcerated.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
6h. You are scared of being arrested for your drug use.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
6i. You are scared of losing your job.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
6j. You were asked to leave MAT.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

7 Are there any other reasons you find it difficult to continue MAT or buprenorphine?

Local language: _____

English: _____

This CRF monitors the participant's status in substance use treatment throughout the study.

This is an interviewer-administered form.

Item-specific Instructions:

No data recorded on this page	Mark this box if no data is recorded on this page other than the Participant ID, Visit Code, and the Staff Initials/Date.

Systems Navigator Encounter

1 Staff ID: _____

2 Activity type: *Initial* *Weekly/Monthly* *Interim*

3 Contact initiated/requested by:

- Systems navigator* *Participant*
- Psychosocial counselor* *Other, specify:*
- Agency/clinic* *Local language:* _____ *English:* _____
- Participant's designated support person*

4 Type of encounter:

- In person (not at home)* *E-mail/Internet*
- Home contact* *Text/SMS*
- Telephone* *Other, specify:*
- Social media* *Local language:* _____ *English:* _____

5 Is the participant currently taking antiretroviral therapy (ART)? *Yes* *No*

6 Is the participant currently receiving methadone or buprenorphine? *Yes* *No*

7 Does the participant have a designated support person? *Yes* *No* → *If no, go to item 8 on page 2.*

7a. Did the support person participate in this contact activity? *Yes* *No*

7b. What is the relationship of the support person to the participant?

- Spouse/partner/girl- boyfriend* *Friend*
- Father/Mother* *Other, specify:*
- Sibling* *Local language:* _____ *English:* _____
- Other family member*

Use this CRF in conjunction with the Intervention Manual to document participant encounters with the system navigator. Complete this CRF any time the participant has contact with a systems navigator.

Item-specific Instructions:

Encounter Number	Number encounters sequentially throughout the study starting with 001. Do not repeat encounter numbers. Do not re-number any encounters after faxing, unless instructed by the SDMC.
Staff ID	Identify the staff member conducting the encounter. Do not use full names, document only the staff member's initials (last, first). If more than one staff members share initials utilize a middle initial as well.
Activity Type	Indicate whether this communication is the initial, weekly or monthly contact as outlined in the protocol. If the contact is not a scheduled encounter, or due to an ongoing crisis period, indicate "interim."

Comments (*Local language*): _____

Comments (*English*): _____

This form is to document a participant's CD4+ and Viral Load results as collected per protocol.

Item-specific Instructions:

Initial Specimen Collection Date	Record the date that the first specimen(s) was collected (not the date results were reported or recorded on the form) for this visit. A complete date is required.								
Not done/Not collected	Mark this box in the event that a specimen was not collected, or if the specimen was collected, but a result is not available due to specimen loss or damage.								
Alternate Collection Date	This date is to be completed ONLY if the specimen was collected after the Initial Specimen Collection Date for this same visit. A specimen collected for the same visit but on a different day should be recorded on the same form only when obtained within the same visit window. A complete date is required.								
Results Reporting	<ul style="list-style-type: none"> • If a specimen was collected but results are not available because the specimen was lost or damaged, line through the results box(es), provide initials and date, and write an explanation in Comments. • If the site lab does not produce test results in the units used on this form, the results must be converted before the laboratory CRF is faxed to SCHARP. Refer to Study Specific Procedures (SSP) for conversion instructions. • It may be necessary to round the result reported by the lab up or down to the level of precision allowed on the CRF. <p>If the site lab does not produce test results in the units used on this form, first perform the conversion, then round the converted result if necessary.</p>								
Item 2a	Mark the less than (<), equal to (=), or greater than (>) box as appropriate and record the value. For example, if the value is 3100 copies, mark the equal to (=) box and record "0003100" as the value. If the value reported is < 400 copies, mark the less than (<) box and record "0000400" as the value.								
Item 2b	<p>Record the four-digit RNA PCR kit code from the table below.</p> <table border="1" data-bbox="376 1290 1246 1503"> <thead> <tr> <th data-bbox="376 1290 1011 1346">RNA PCR Kit</th> <th data-bbox="1011 1290 1246 1346">Code</th> </tr> </thead> <tbody> <tr> <td data-bbox="376 1346 1011 1402">Abbott m2000 Real-time</td> <td data-bbox="1011 1346 1246 1402">0406</td> </tr> <tr> <td data-bbox="376 1402 1011 1458">Roche Cobas AmpliPrep/Cobas Tagman Ver. 1.0</td> <td data-bbox="1011 1402 1246 1458">0108</td> </tr> <tr> <td data-bbox="376 1458 1011 1503">Roche Cobas AmpliPrep/Cobas Tagman Ver. 2.0</td> <td data-bbox="1011 1458 1246 1503">0110</td> </tr> </tbody> </table>	RNA PCR Kit	Code	Abbott m2000 Real-time	0406	Roche Cobas AmpliPrep/Cobas Tagman Ver. 1.0	0108	Roche Cobas AmpliPrep/Cobas Tagman Ver. 2.0	0110

Comments (*Local language*): _____

Comments (*English*): _____

To document Grade 3 or higher Adverse Experience (AE) and only SAEs.

If a cluster of symptoms reported on separate AE Log pages is later attributed to a single diagnosis, change the earliest reported symptom to the final diagnosis. In addition, mark the AE Log pages for the other symptoms with the words "Delete due to diagnosis on AE page #" (specify page number of diagnosis AE).

Item-specific Instructions:

Page	Number pages sequentially throughout the study, starting with 001. Do not repeat page numbers. Do not renumber any AE Log pages after faxing, unless instructed by SCHARP.
Item 1	Whenever possible, provide a diagnosis instead of listing a cluster of symptoms. If no diagnosis is identified, each symptom must be recorded on a separate page of the AE Log. If an abnormal lab value is reported, record the lab assay with the direction (i.e., increased or decreased) of the abnormality.
Item 2	At minimum, month and year are required. Record one of the following, as appropriate: the date on which the participant reports first experiencing the AE; if the AE is discovered during the study visit exam, record the date of the study visit exam; if the AE is an abnormal lab result, record the date on which the specimen was collected.
Item 3	Report only Grade 3 or higher AEs and only SAEs. To grade the severity of an AE, consult the <i>Division of AIDS (DAIDS) Table for Grading the Severity of Adult and Pediatric Adverse Experiences</i> .
Item 4	Study agent is defined as the participant's current or last known ART and/or opiate substitution therapy. Mark the assessment of the relationship between the AE and the study agent. Mark "related" if there is a reasonable possibility that the AE may be related to the study agent. Mark "not related" if there is not a reasonable possibility that the AE is related to the study agent. If "not related," record an alternative etiology, diagnosis, or explanation in Comments. For more information, refer to the <i>Manual for Expedited Reporting of Adverse Events to DAIDS, Version 2</i> .
Item 5	<ul style="list-style-type: none"> • No change: Mark if the participant is expected to continue to use study product and the AE does NOT result in a study product hold or permanent discontinuation. • Held: Mark if the AE results in a study product hold. If multiple AEs are reported at the same visit, mark "held" for the AE(s) that contributed to the product hold. • Permanently discontinued: Mark if the AE results in permanent discontinuation of study product. If multiple AEs are reported at the same visit, only mark "permanently discontinued" for the AE that contributed to the permanent discontinuation. • N/A (not applicable): Mark if the AE occurred after the participant had completed all administration of the study product, or the study product is held or permanently discontinued for a different AE or other reason, or the AE is grade 5-death.
Item 6	<ul style="list-style-type: none"> • Continuing: AE is continuing at the time it is reported. • Resolved: Condition is no longer present, or returned to the pre-enrollment severity/frequency. If a participant is taking a medication to control an AE that arose during study participation, it is not considered resolved. • Death: Mark only if the severity of this AE is grade 5. Any other AEs continuing at the time of death should be changed to "continuing at end of study participation." • Severity/frequency increased: If an AE increases in severity or frequency after it has been reported on the AE Log, line through the "continuing" box previously marked and mark "severity/frequency increased." Record the date of increase in the "Status/Outcome Date." Report the increase in severity or frequency as a new AE. For this new AE, the "Onset Date" will be the date that the severity or frequency increased. Update EAE form if applicable. Note that decreases in severity should not be recorded as new AEs. • Continuing at end of study participation: Mark this box whenever an AE is continuing at the time of participant study termination.
Item 6a	At minimum, month and year are required. Record one of the following, as appropriate: the date on which the participant no longer experienced the AE; or the date of the study visit or specimen collection at which the change in status/outcome is first noted.
Item 7	Indicate all treatments administered for this AE, including treatment provided by a health care professional and participant self-treatment. Do not indicate treatments that were clinically indicated or prescribed but not administered.
Items 8 and 9	For questions about ICH guidelines and EAE reporting, refer to the <i>Manual for Expedited Reporting of Adverse Events to DAIDS, Version 2</i> .

2 Reason visit was missed. *Mark only one.*

- 2a. Unable to contact participant
- 2b. Unable to schedule appointment(s) within window
- 2c. Participant refused visit
- 2d. Participant incarcerated
- 2e. Participant admitted to a health care facility
- 2f. Participant withdrew from the study → *Complete Termination form.*
- 2g. Participant deceased → *Complete Termination form. Complete Adverse Event Log.*
- 2h. Participant travelled outside the province for work
- 2i. Other, specify: *(Local language)* _____
(English) _____

Comments (*Local language*): _____

Comments (*English*): _____

Complete this form whenever an enrolled participant misses a required visit according to the visit window outlined in the protocol or Study-specific Procedures (SSP).

If the QC Report indicates that a visit is overdue, confirm that the visit was missed before completing a Missed Visit form. Fax this form when it is determined that a visit has been missed and cannot be completed within the visit window. Record the Visit Code of the visit that was missed. Record the date that the form was completed. This will not necessarily be the date of the missed visit.

Item-specific Instructions:

Item 1	Record the target date of the visit. A complete date is required.
Item 2	Record the reason the participant missed the visit.

Termination

1 Termination Date:

<i>dd</i>		<i>MMM</i>			<i>yy</i>					

Date the site determined that the participant was no longer in the study.

2 Reason for termination. *Mark only one.*

2a. Scheduled exit visit/end of study —————> **End of form.**

2b. Death (Indicate date and cause if known.)

2b1. Date of death:

<i>dd</i>		<i>MMM</i>			<i>yy</i>		

OR date unknown

2b2. Cause of death: _____ **OR** cause unknown

Complete or update Adverse Experience Log.

2c. Participant refused further participation, specify: _____

2d. NOT APPLICABLE FOR THIS PROTOCOL

2e. Participant relocated, no follow-up planned

2f. Investigator decision, specify _____

2g. Unable to contact participant

2h. NOT APPLICABLE FOR THIS PROTOCOL

2i. Inappropriate enrollment —————> **End of form.**

2j. Invalid ID due to duplicate screening/enrollment —————> **End of form.**

2k. Other, specify _____

2l. Early study closure —————> **End of form.**

2m. Index Termination (Network Partners only) —————> **End of form.**

3 Was termination associated with an adverse experience? *yes* *no* *don't know* —————> *If no or don't know, end of form.*

3a. Record AE Log page number:

<i>page #</i>		

OR Specify: *(Local language)* _____
(English) _____

Comments (*Local language*): _____

Comments (*English*): _____

This form should be completed for every enrolled participant at either the scheduled exit/end of study visit or when the participant is no longer participating in the study.

Item-specific Instructions:

Item 1	Document the date that the participant declares that he/she does not want to continue in the study. If the termination is due to death, indicate the date that the site is notified that the participant is deceased. A complete date is required.
Item 2	Mark only the primary reason for termination.
Item 2a	Scheduled exit visit/end of study: Only mark 2a if the participant completes the protocol-defined final visit.
Item 2b1	If date is recorded, at a minimum, the month and year are required.
Item 2l	Early study closure: Only mark 2l when instructed by SCHARP.
Item 2m	Only mark item 2m for Network Partners.
Item 3a	Record the page number of the Adverse Experience Log on which the AE was recorded. In situations where more than one AE is associated with termination, record the AE that most strongly influenced the decision to terminate. If termination is associated with a non-reportable AE, record the event on the "specify" line.

9	Deviation reported by (staff name): _____		

Item-specific Instructions:

Purpose	This form documents and reports protocol deviations identified for study participants.
General Information/Instructions	<ul style="list-style-type: none"> • Consult HPTN 074 Management Group (074mgmt@hptn.org) to confirm whether the event qualifies as reportable deviation. • After confirmed, complete this form each time a protocol deviation is identified. • Reportable protocol deviations are defined by the HPTN as individual incidents, trends or omissions that result in: <ul style="list-style-type: none"> - Significant added risk to the participant - Non-adherence to significant protocol requirements - Significant non-adherence to GCP • If a deviation needs to be reported but is not associated with a participant (for example, necessary test kits are not available on site), use a PTID that follows the format below on the PDL CRF: <ul style="list-style-type: none"> - XXX-00000-0 - Enter your site DataFax ID number in the first 3 digits followed by zeros. Assign page numbers sequentially when completely new PDLs using this PTID.
Page	Number pages sequentially for each participant, starting with 01. Do not re-assign page numbers if a form is marked for deletion.
Item 2	Record the date the event occurred (start date).
Item 5	Record the two-digit category code that best describes the type of deviation. Use "99" (other) if none of the listed categories match. Describe the specifics of the deviation in item 6.
Item 6	Briefly describe the specific details of the deviation.
Item 9	Record name of site staff person who completed the form.

Code	Description
01	Inappropriate enrollment: The participant enrolled and not all eligibility requirements were met.
02	Failure to follow trial randomization or blinding procedures: Include instances where randomization procedures were not followed by site staff, or product blinding procedures were not followed by pharmacy staff.
03	Study product management deviation: Site staff did not instruct the participant to hold, permanently discontinue, or resume study product use per protocol requirements.
04	Study product dispensing error: The wrong study product was dispensed to a participant, or study product was dispensed to a participant on product hold. Do not include any information related to study product assignment (product codes) on this form.
05	Conduct of non-protocol procedure: A clinical or administrative procedure was performed that was not specified in the protocol, and was not covered under local standard of care practice.
06	Breach of confidentiality: Include potential and actual cases where participant confidentiality is breached. For example, a staff member puts a participant's name on a case report form.
07	Physical assessment deviation: Examples include a protocol-specified exam or assessment consistently not being performed (a single missed exam during one participant visit would not be considered a reportable protocol deviation).
08	Lab assessment deviation: Examples include a protocol-specified laboratory assay consistently not being performed (a single missed assay during one participant visit would not be considered a reportable protocol deviation).
09	Use of non-IRB/EC-approved materials: Examples include use of ANY study-related material that has not received IRB or EC approval for use per site requirements.
10	Informed assent/consent process deviation: Examples include failure to accurately execute and/or document any part of the informed consent process.
99	Other

Thank you for being a part of our research. People live in different places, with different customs, cultures, sexual practices and beliefs. We hope to include people from different communities in our research. We respect all people, regardless of their differences. Not all questions we ask in our research will apply to you. Because we do not want to make assumptions, we ask the same questions of everyone. We want you to be comfortable in speaking with us. You do not have to answer any question that makes you uncomfortable.

Now I am going to ask you some questions about yourself. The answer to these questions will tell us more about who you are, such as your age and ethnicity (what cultural group you come from). I will also ask you about your sex and gender. Please feel free to ask any questions about things that you don't understand.

1 What is your date of birth? 10 DEMbthdt OR If unknown, record age: 11 DEMAge

2 What is your sex at birth? 12 DEMsex Male Female

3 How do you identify your gender? Mark all that apply. 13 DEMgenm Male 14 DEMgenf Female 15 DEMgeno Other, specify. Local language: English: 16 DEMgenox

4 Are you currently a student? 17 DEMcs Yes No

Baseline Behavior Assessment

Page 1 of 8

A broad range of participants are taking part in this study. So some questions may not apply to you. We ask the same questions of all participants.

In this interview, you will be asked about your sexual behaviors and possible alcohol and drug use. Some of the questions may seem very personal. Please remember that all of your answers will be kept private. Your responses are linked only to your study number, not to your name.

We need you to answer these questions honestly. We do not judge about alcohol or drug use. We make no judgments about how you have sex or the number of times or with whom.

These questions help us understand the type of behaviors our participants are doing while on study. Your honesty will help us understand these differences in behaviors.

HIV TESTING HISTORY

1 Prior to participating in this study, did you ever have an HIV test?

9 BBAhivt No **aseBehavAssess [1**
 If no, go to item 2.

Social Support and Stigma Questionnaire Page 1 of 2

In this section, I am going to read you statements about how you may feel about yourself, your injection drug use, and your HIV/AIDS infection. I would like you to tell me if you agree strongly, agree, disagree, or disagree strongly with each statement.

INTERNALIZED STIGMA AND SHAME

1	I think less of myself or I have felt ashamed because:	Agree strongly	Agree	Disagree	Disagree strongly
	1a. I inject drugs.	<input type="text" value="9 STGissid"/>			
	1b. I am living with HIV.	<input type="text" value="10 STGisswh"/>			

EXPERIENCED STIGMA

2	I have become isolated from my family because:	Agree strongly	Agree	Disagree	Disagree strongly
	2a. I inject drugs.	<input type="text" value="11 STGesid"/>			
	2b. I am living with HIV.	<input type="text" value="12 STGeswh"/>			

ANTICIPATED STIGMA

3	I fear that if I disclosed my HIV status to my family, they would exclude me from usual family activities.	Agree strongly	Agree	Disagree	Disagree strongly	
		<input type="text" value="13 STGfamex"/>				
	4	I fear that if I disclosed my HIV status to others, I would find it hard to find work.	<input type="text" value="14 STGfindw"/>			
	5	I fear that if I go to an MMT or buprenorphine clinic to treat my substance use I will be treated poorly.	<input type="text" value="15 STGmbtp"/>			
	6	I fear that if I go to an HIV clinic I will be treated poorly because I inject drugs.	<input type="text" value="16 STGhivtp"/>			
	7	I do not feel comfortable talking to health care providers as I feel they would judge me.	<input type="text" value="17 STGhcpjm"/>			
			<input type="text" value="VersionInitDate [1]"/>

Social Support and Stigma Questionnaire

Page 2 of 2

8 Over the last 2 weeks, how often have you been bothered by any of the following problems?

	Not at all	Several days	More than half of the days	Nearly every day
8a. Little interest or pleasure in doing things	8 STGllpt <input type="text"/>			
8b. Feeling down, depressed or hopeless	9 STGdprss <input type="text"/>			
8c. Trouble falling or staying asleep or sleeping too much	10 STGsleee <input type="text"/>			
8d. Feeling tired or having little energy	11 STGtired <input type="text"/>			
8e. Poor appetite or overeating	12 STGeatng <input type="text"/>			
8f. Feeling bad about yourself—or that you are a failure or have let yourself or your family down	13 STGflbad <input type="text"/>			
8g. Trouble concentrating on things, such as reading the newspaper or watching television	14 STGtrbtc <input type="text"/>			
8h. Moving or speaking so slowly that other people have noticed; or the opposite—being so fidgety or restless that you have to be moving around a lot more than usual	15 STGmovng <input type="text"/>			
8i. Thoughts that you would be better off dead or of hurting yourself in some way	16 STGthght <input type="text"/>			

9 People sometimes look to others for companionship, assistance, or other types of support. Please tell me how often each of the following kinds of support are available to you if you need them.

9a. Someone to have a good time with:

17 STGgoodt Most of the time

9b. Someone to get together with for relaxation:

18 STGrelax Most of the time

9c. Someone to do something enjoyable with:

19 STGenjoy Most of the time

Follow-up Behavior Assessment

Page 1 of 8

A broad range of participants are taking part in this study. So some questions may not apply to you. We ask the same questions of all participants.

In this interview, you will be asked about your sexual behaviors and possible alcohol and drug use. Some of the questions may seem very personal. Please remember that all of your answers will be kept private. Your responses are linked only to your study number, not to your name.

We need you to answer these questions honestly. We do not judge about alcohol or drug use. We make no judgments about how you have sex or the number of times or with whom.

These questions help us understand the type of behaviors our participants are doing while on study. Your honesty will help us understand these differences in behaviors.

FOLLOW-UP DEMOGRAPHICS

1 How would you describe your current living situation? *Mark all that apply.*

FuBehavAssess [1]

- 9 FBAIshou 9a. Live in a house that I own or rent

15 The last time you missed at least one tablet, which of these best describes the reason why? **Mark only one.**

I forgot

I did not have the medication with me at the time I needed to take it

I did not want person(s) nearby to see me taking the medication

I was trying to avoid side effects

I felt healthy

I was drunk

I am not engaging in any behaviors that can transmit HIV to others

I do not believe the medicines are beneficial

not applicable—no missed tablets

Other, specify:

Local language: _____ English: 10 IFHarsx

16 If you were on ART since your last visit, have you stopped? By stopped we mean that you have not taken any of your medication for the last 2 weeks.

11 IFHastop No → If no, go to item 18.

20 Many people find it difficult to take HIV medications (ART), even if they have previously taken ART, because of challenges in the health systems/health care process. What were the reasons you have stopped taking ART or have not yet started to take ART?
Agree Disagree Not relevant/ Not applicable

20a. You do not have the necessary materials (e.g. paperwork, identification, test results) needed by the clinic.

20b. ART is too expensive.

20c. ART was not available.

20d. HIV care provider would not continue your medicine or prescription.

20e. You do not know how or where to get ART.

20f. You find transport/travel to the clinic is difficult.

20g. You have been traveling.

20h. You have been in jail or incarcerated.

20i. You are scared of being arrested for your drug use.

20j. You will need to register with the government as being a drug user.

21 Are there any other reasons you find it difficult to continue taking ART or why you have not yet started to take ART?
