Description of Additional Supplementary Files

File name: Supplementary Data 1
Description: RMSD values for each CDR loop for each method benchmarked on antibody structure prediction.

File name: Supplementary Data 2
Description: RMSD values for each CDR loop for each method benchmarked on nanobody structure prediction.

File name: Supplementary Data 3
Description: RMSD values for each CDR loop for each method benchmarked on TCR structure prediction.

File name: Supplementary Data 4
Description: Data to replicate Figure 3 from the manuscript.
