

Description of Additional Supplementary Files

File name: Supplementary Data 1

Description: 1239bp *Ae. albopictus* genomic sequence flanking the Aal-M transposon and 1647 bp *Ae. albopictus* genomic sequence flanking the Aal-m transposon

File name: Supplementary Data 2

Description: Detailed statistical outputs

File name: Supplementary Data 3

Description: Production costs and initial parameters

File name: Supplementary Data 4

Description: Plasmid and genomic integration nucleotide sequences
