

Data Sharing Statement

Bretelle. Effectiveness and Costs of Molecular Screening and Treatment for Bacterial Vaginosis to Prevent Preterm Birth. *JAMA Pediatr.* Published July 17, 2023.

doi:10.1001/jamapediatrics.2023.2250

Data

Data available: Yes

Data types: Deidentified participant data

How to access data: on request at aap.drs@ap-hm.fr or sandrine.loubiere@univ-amu.fr

When available: With publication

Supporting Documents

Document types: None

Additional Information

Who can access the data: aap.drs@ap-hm.fr or sandrine.loubiere@univ-amu.fr

Types of analyses: the data will be available for any purpose after checking for the scientific interest of the purpose by the research teams and authors of the study

Mechanisms of data availability: the data will be available after approval of a proposal by authors and with a signed data access agreement
