

Description of Additional Supplementary Files

File Name: Supplementary Data 1

Description: Sample information with details regarding AIRR-seq and Pacific BioScience datasets

File Name: Supplementary Data 2

Description: Description of large IGH SVs

File Name: Supplementary Data 3

Description: Description of novel alleles

File Name: Supplementary Data 4

Description: Lead guQTL results

File Name: Supplementary Data 5

Description: Conditional guQTL results

File Name: Supplementary Data 6

Description: Statistics for allele distribution differences between donors partitioned by guQTL genotype

File Name: Supplementary Data 7

Description: IGHV and IGHC primers for AIRR-seq
