D1: Research question or objective stated.
 D2: Study population defined.
 D3: Study population participation rate >50%.
 D4: Subject recruitment and eligibility criteria.
 D5: Sample size justification.
 D6: Exposure assessed prior to outcome measurement.

D7: Sufficient timeframe to see effect.
 D8: Varying exposure levels used.
 D9: Exposure measures clearly defined and implemented.
 D10: Exposure assessed more than one time.
 D11: Outcome measures clearly defined and implemented.
 D12: Outcome assessors blinded to exposure.

D13: Loss to follow-up <20%.
 D14: Key potential confounders measured and adjusted.
