

# Supplementary figure S8.

**Supplementary figure S8. Progression free survival in the different cohorts.** **A.** PFS shown separately in discovery and validation cohorts of chemo-naïve specimens, as well as discovery and validation cohorts of IDS specimens (Log-rank, Mantel-Cox test). **B.** Response to second-line platinum treatment in fHRD (n=17) and fHRP (n=3) groups (Fisher's exact). **C.** PFS in chemo-naïve and IDS cohorts without BRCAmut fHRD patients (Log-rank, Mantel-Cox test).
