

Intervention Survey

Date _____

Role of Caregiver Completing Survey

Mother Father Guardian, not mother or father Other

Please specify.

How was your experience with the car seat checks?

Have you received any education or assistance on child passenger safety or car seat use other than what you received with this research study?

Yes
 No

Did you receive assistance in car seat installation (specifically) separate from that you received in this research study?

Yes
 No

From where or whom did you receive assistance? (Choose all that apply)

- Medical provider (doctor or nurse)
- Car seat technician (separate from research study)
- Fire station or police department
- Store
- Internet source
- Friends or family
- Other

If other, please specify

How confident are you in your ability to correctly install and use your child's car seat?

Very confident
 Somewhat confident
 Unsure (or Not too confident)
 Not confident at all

Did your experience in this research study affect your confidence in your ability to install and use your child's car seat properly?

- Yes
- No

How did your confidence change as a result of this study?

- Increased confidence
- Decreased confidence

What did you find helpful about the car seat checks?

What did you find challenging (or not helpful) about the car seat checks?

How likely would you be to recommend a car seat program like this one to friends or family with infants and/or young children?

Not likely at all Very likely

(Place a mark on the scale above)

Did you participate in the remote car seat checks using the video technology?

- Yes
- No

If offered, would you have been interested in receiving a remote car seat check using the video technology?

- Yes
- No
- Maybe

Which remote car seat checks did you participate in? (Check all that apply)

- 3 month
- 6 month
- 9 month

If you were not involved in a research study, would you participate in a program like this that offered car seat checks every 3 months?

- Yes
- No
- Maybe

Please share any other thoughts about your experience or suggestions for improvement.
