Other	72 (3.1)	19	3	6	33	-	-	1	-	1	2	-

^a % does not add up to 100 as patients can have up to two health conditions.

^b Products: 1= LGP Classic 10:10 (10mg THC and 10mg CBD, per mL); 2= LGP Classic 20:5 (20mg THC and 5mg CBD, per mL); 3= LGP Classic 1:20 (1mg THC and 20mg CBD, per mL); 4= LGP Classic CBD 50 (50mg CBD, per mL).

Note: Data on medicinal cannabis products was collected according to participant, not according to health condition. As a result, each condition in the table lists all products participants with that condition received, including products they received for any other condition. For this reason, the table should not be regarded as product indication recommendations.
