

Title: Supplementary Data 1.

Description: Output of the PILER-CR analysis of CRISPR repeats.

Title: Supplementary Data 2.

Description: RNA Sequences and DNA oligos used in the study.

Title: Supplementary Data 3.

Description: Protein sequences and DNA constructs used in the study.

Title: Supplementary Data 4.

Description: CRISPResso 2 parameters.

Title: Supplementary Data 5.

Description: Detailed description of Duplex-Seq.

Title: Supplementary Data 6.

Description: Enrichment probes and VariantCalling analysis regions.

Title: Supplementary Data 7.

Description: CHANGE-seq data.
