

## Data Sharing Statement

King. Effect of an Intraoperative Telemedicine Program on Perioperative Quality Measures. *JAMA Netw Open*. Published September 22, 2023. doi:10.1001/jamanetworkopen.2023.32517

### Data

**Data available:** No

### Additional Information

**Explanation for why data not available:** Because the primary analysis depends on dates finer than 1 year, it is not HIPAA de-identified. Code and aggregated data will be shared.
