

S2 Fig

Expression of *dMPPED*

Expression of *dMPPED* in adult female flies during aging. Values shown are across 3 independent determinations with > 10 flies used in an experiment. B. Enlarged representative images of female brains from *pBAC(IT.GAL4)CG16717/UAS-mCD8GFP* flies. Expression is seen in olfactory projection neurons. C. Enlarged representative images of female optic lobes from *pBAC(IT.GAL4)CG16717/UAS-mCD8GFP* flies.
