

Supplemental file 1. ICF components and domains/chapters used in this study

Body Function:

Mental functions

Sensory functions and pain

Voice and speech functions

Functions of the cardiovascular, haematological, immunological and respiratory systems

Functions of the digestive, metabolic, endocrine systems Genitourinary and reproductive functions

Neuromusculoskeletal and movement-related functions Functions of the skin and related structures

Body Structure:

Structure of the nervous system

The eye, ear and related structures

Structures involved in voice and speech

Structure of the cardiovascular, immunological and respiratory Systems

Structures related to the digestive, metabolic and endocrine systems

Structure related to genitourinary and reproductive systems Structures related to movement

Skin and related structures

Activities and Participation:

Learning and applying knowledge General tasks and demands Communication

Mobility

Self-care

Domestic life

Interpersonal interactions and relationships Major life areas

Community, social and civic life

Comment [PR1]:
