File name: Supplemental Data 1

Description: Differential gene expression of K18_COVID_21dpi_vs_K18_Naive

File name: Supplemental Data 2

Description: Differential Collagen gene expression of K18_COVID_21dpi_vs_K18_Naive

File name: Supplemental Data 3

Description: Differential gene expression of COVID_21dpi_vs_COVID_21dpi

File name: Supplemental Data 4

Description: Three groups comparison_Differential gene expression_COVID_4dpi

File name: Supplemental Data 5

Description: Three groups comparison_Differential gene expression_COVID_6dpi

File name: Supplemental Data 6

Description: Differential gene expression of Flu_4dpi_vs_Covid_4dpi

File name: Supplemental Data 7

Description: Differential gene expression of Flu_6dpi_vs_Covid_6dpi

File name: Supplemental Data 8

Description: Differential gene expression_scRNA_Flu K18 4 DPI vs COVID K18 4 DPI in epithelial cell

File name: Supplemental Data 9

Description: DEG analysis scRNA individual data (Flu 4 &6 DPI and COVID 4 DPI)

File name: Supplemental Data 10

Description: The source data behind the graphs in the paper
