

Description of Additional Supplementary Files

File name: Supplementary Data 1

Description: The strain list and information used from the NCBI Pathogens database.

File name: Supplementary Data 2

Description: The source data behind Fig 1b in the paper.

File name: Supplementary Data 3

Description: The source data behind Fig 1c in the paper.

File name: Supplementary Data 4

Description: The source data behind Fig 1d in the paper.

File name: Supplementary Data 5

Description: The source data behind Fig 1e in the paper.

File name: Supplementary Data 6

Description: The source data behind Fig 2a in the paper.

File name: Supplementary Data 7

Description: The source data behind Fig 2a in the paper.

File name: Supplementary Data 8

Description: The source data behind Fig 3 in the paper.

File name: Supplementary Data 9

Description: The source data behind Fig 4 in the paper.
