

A

ALKBH5

B

GAPDH

**Supplementary Figure1:** The original gel of clinical samples represent the ALKBH5 (A) and GAPDH (B) expressions.

A

B

**Supplementary Figure2:** The original gel of U87 cells transfected with shRNAs represent the ALKBH5 (B) and GAPDH (A) expressions.

**A**

VEGFA

**B**

FGFR1

**C**

VAV1

**D**

GAPDH

**Supplementary Figure3:** The original gel of U87 cells transfected with shRNAs represent the VEGFA (A),FGFR1(B), VAV1(C) and GAPDH (D) expressions.
