

### Supplementary Figure S3.

**Supplementary Figure S3: NRG1-mediated resistance against erdafitinib is restricted to pre-adipocytes.** qRT-PCR analysis of *Cd36*, *Lep*, *Glut4*, and *Lpl* in 3T3-L1-derived adipocytes at days 0, 2, 5, and 7 of differentiation. Expression levels are normalized to *GAPDH*. Data are represented as mean  $\pm$  SD.
