

SUPPLEMENTARY MATERIALS

Supplementary Table 1. Percentage of smokers who reported they made their last purchase of cigarettes from a First Nations reserve before and after the menthol ban.

Cigarette purchasing group	Smokers who reported last purchase of cigarettes from a First Nations reserve before menthol ban % (n)	Smokers who reported last purchase of cigarettes from a First Nations reserve after menthol ban % (n)	p-value
Purchased menthol cigarettes at both pre- and post-ban (n=9 menthol smokers)	51.2 (4)	51.2 (4)	1.00
Purchased non-menthol cigarettes at both pre- and post-ban (n=1024 non-menthol smokers)	9.1 (100)	8.7 (101)	0.69
Purchased cigarettes at both pre- and post-ban (n=1086 menthol + non-menthol smokers)	9.7 (112)	9.2 (112)	0.56

Tested for pre-post ban changes in purchasing of cigarettes from First Nations among the same groups of: a) **menthol smokers** who purchased **menthol cigarettes** at pre- and post-ban, b) **non-menthol smokers** who purchased **non-menthol cigarettes** at pre- and post-ban, and c) **all smokers** (menthol + non-menthol) who purchased **menthol and non-menthol cigarettes** at pre- and post-ban.

Percent values are weighted estimates that do not correspond exactly with reported sample sizes.
