

Supplementary Table 1. Number of T-cell receptor repertoire/ expression microarray/ exome sequencing analyses per tumor regression grade.

	Tumor regression grade 1	Tumor regression grade 3/4
	(n = 35)	(n = 32)
T-cell receptor repertoire	35	32
Exome and microarray	20	29
Exome without microarray	6	3
Microarray without exome	9	0
