

Description of Additional Supplementary Files

File name: Supplementary Data 1

Description: Alterations.

File name: Supplementary Data 2

Description: Screen Data.

File name: Supplementary Data 3

Description: PEDS_0041_T1 comparison of KPT330 treated cells vs DMSO control.

File name: Supplementary Data 4

Description: KPTvDMSO GSEA Hallmarks.

File name: Supplementary Data 5

Description: shTRIP13 differentially expressed genes.

File name: Supplementary Data 6

Description: shTRIP13 vs shControl GSEA Hallmarks.

File name: Supplementary Data 7

Description: Differentially Expressed Genes in shTRIP13 and KPT330 Conditions.

File name: Supplementary Data 8

Description: The source data behind the graphs in the paper.
