## 4. Declawing

Please circle "Before" or "After" in the column that best describes your cat. The terms None, Mild, Moderate and Severe refer to how much damage or injury your cat has caused. If your cat is not declawed, please circle only the "Before" section of the table. If your cat is declawed, please circle the term that best describes your cat's behavior the time before and after declaw surgery.

	None	Mild	Moderate	Severe
Damage to furniture and household item	Before	Before	Before	Before
	After	After	After	After
Injury of people with claws	Before	Before	Before	Before
	After	After	After	After
Injury of pets with claws	Before	Before	Before	Before
	After	After	After	After

#### Please check, if applicable:

O Someone living in my household has an increased risk for infections as a consequence of being scratched by my cat (e.g. immunosuppressed person, person suffering from Diabetis mellitus or other disease)

# If you (and not the previous owner) decided to have your cat declawed, please fill out the rest of this page. If your cat is not declawed, please continue on the next page (page 7).

I decided to have my cat declawed ... Please circle one box per row

To prevent scratching of household items	To stop scratching of household items	Scratching of household items was not
BEFORE my cat started to scratch household items	AFTER my cat started to scratch household items	a reason to have my cat declawed
To prevent injury of people by my cat's claws	To stop injury of people by my cat's claws	Injury of people was not a reason to
BEFORE my cat started to injure people	AFTER my cat started to injure people	have my cat declawed
To prevent injury of pets by my cat's claws	To stop injury of pets by my cat's claws	Injury of pets was not a reason to have
BEFORE my cat started to injure pets	AFTER my cat started to injure pets	my cat declawed

0 I had my cat declawed for another reason.	Please specify
•	1 2

#### If declawing had not been available, what would you have done to solve the scratching problem? (Please circle one answer.)

- A) Kept him/her in the household and allowed the scratching
- B) Not kept him/her in the household (Surrender to shelter, finding another home or euthanasia)
- C) Other (please write in what you would have done)\_\_\_\_\_

II Your cat is not ucciawed, breast check an mat abb	ck all that apply.	please check all	ot declawed.	cat is not	If your
--	--------------------	------------------	--------------	------------	---------

My cat is not declawed...

- 0 because he/she has not been destructive with his/her claws
- 0 because I could not afford the declaw surgery.
- 0 because my cat has access to the outdoors and therefore he/she needs his/her claws.
- 0 because I was concerned about adverse effects such as pain or postoperative complications.
- 0 because I feel that declawing a cat is wrong.
- 0 Other. Please specify\_
- 0 I might have him/her declawed in the future, if he/she scratches furniture, people or other pets.
- 0 I will not get him/her declawed in the future, even if he/she scratches furniture, people or other pets.

ANY OTHER COMMENTS?
