

### Supplementary Digital Content 7: Ongoing Clinical Trials

S. No.	Title	Interventions	Enrollment	Start	Completion	Locations	NCT	Status	Category
1	A Study to Evaluate Satisfaction in Adult Participants With the Aesthetics of the Periorbital Area After JUVÉDERM® Fillers and BOTOX®/VISTABEL® Injections	Drug: BOTOX®/VI STABEL®, Facial Injection	80 participants	January 5, 2023	October 14, 2023	Australia, Belgium, and United Kingdom.	NCT0564 7551	Recruiting	facial aesthetics
2	A Clinical Histology Study Evaluating Biostimulatory Activity Longevity of Injectable Poly-L-Lactic Acid (Sculptra Aesthetic) for Facial Rejuvenation	Device: Sculptra Aesthetic Injectable implant containing microparticles of poly-L-lactic acid (PLLA)	10 participants	August 9, 2021	September 1, 2022	United States, New York	NCT0495 7446	Recruiting	facial aesthetics
3	Comparison of the Effects of Two Frequencies of Application of Photobiomodulation on Facial Rejuvenation	Radiation: Photobiomodulation	45 participants	May 30, 2021	January 30, 2023	Brazil	NCT04911 140	Recruiting	facial rejuvenation
4	Periocular Rejuvenation by Topical Hyaluronic Acid Nano Particles	Drug: Hyaluronic acid NanoGelDrug: Placebo gel	30 participants	December 21, 2022	01 August 2023	Egypt	NCT05742 399	Recruiting	eyelid rejuvenation
5	Medial Fat Pad Preservation in Upper Eyelid Blepharoplasty	Procedure: medial fat preservation upper blepharoplasty	50 participants	December 24, 2020	01 June 2022	United Arab Emirates	NCT05016 362	Recruiting	blepharoplasty

6	A Comparison of the Effect of Suture Material on Blepharoplasty Incision	Plain gut suture	50 participants	May 30, 2020	June 30, 2024	United States, Massachusetts	NCT04585217	Recruiting	blepharoplasty
7	The Effect of Upper Blepharoplasty on Vision Quality in the Early Postoperative Period	Upper blepharoplasty	40 participants	September 8, 2022	June 1, 2023	Croatia	NCT05549713	Recruiting	blepharoplasty
8	Use of Tranexamic Acid in Blepharoplasties	Tranexamic acid injection	40 participants	February 20, 2020	September 20, 2023	United States, Illinois	NCT04724772	Recruiting	blepharoplasty
9	Brassiere Brow Suture and Internal Browbexy	Browbexy	30 participants	January 10, 2021	July 20, 2022	United Arab Emirates	NCT04861454	Recruiting	blepharoplasty
10	Fibrin Sealant in Eyelid Surgery	Fibrin Sealant	30 participants	01 May 2022	01 June 2023	University of Calgary	NCT05358977	Recruiting	blepharoplasty
11	Effect of Upper Eyelid Surgeries on Corneal Characteristics	levator muscle resection surgery	50 participants	February 6, 2023	June 30, 2024	Taiwan	NCT05750251	Recruiting	blepharoplasty
12	RECELL to Promote Healing Following Carbon Dioxide (CO2) Laser Treatment in Cosmetic Patients	Drug: ReCell	10 participants	March 22, 2023	01 December 2023	United States, North Carolina	NCT05386368	Recruiting	facelift
13	Comparison of an Office-based Limited Facelift and Hospital-based Full Facelift (COAL2)	Limited facelift	100 participants	June 30, 2022	01 July 2023	United States, Virginia	NCT05419609	Recruiting	facelift
14	Onabotulinum Toxin A in Direct Brow Lift	Botox Injectable Product	16 participants	November 18, 2020	01 July 2024	Canada, Nova Scotia	NCT04383912	Recruiting	browlift
15	SofWave Treatment to Lift Lax Tissue in the Submental and Neck Zones and to Lift the Eyebrow	Device: Sofwave	20 participants	February 27, 2020	February 27, 2023	United States, California	NCT04969380	Recruiting	browlift
16	Clinical Investigation to Assess Safety and	LIFT001	50 participants	August 2, 2022	September 1, 2023	Spain	NCT05450380	Active, not recruiting	dermal fillers

Performance of Dermal Filler of Hyaluronic Acid									
17	Safety and Performance of DKL Crosslinked Sodium Hyaluronate 26 Dermal Filler for Cheek Augmentation	Device: DKL crosslinked sodium hyaluronate 26 Device: Juvéderm Voluma™ with lidocaine (Allergan, Inc)	40 participants	August 30, 2021	August 30, 2022	Sweden	NCT05021926	Recruiting	dermal fillers
18	A Prospective Evaluation of Infraorbital Filler Injection	Juvederm Volbella XC hyaluronic acid dermal filler injection	12 participants	January 6, 2023	June 17, 2023	United States, Pennsylvania	NCT05694286	Active, not recruiting	dermal fillers
19	Evaluation of HA Dermal Fillers in the Treatment of Pathological Facial Lipoatrophy (HAtrophy)	Device: Dermal filler	30 participants	April 15, 2023	October 15, 2024	France	: NCT05776836	Not yet recruiting	dermal fillers
20	A Clinical Investigation of the Decoria® Aesthetic Group (DAG) for Correction of Nasolabial Folds (NLF) (Decorate01)	Device: Decoria intense	64 participants	01 February 2022	01 June 2023	Sweden	NCT05235126	Not yet recruiting	dermal fillers
21	The Evaluation of the Safety and Effectiveness of ANIMERS Chiara LA and JUVÉDERM VOLUMA® for Aging Mid-Face	Device: ANIMERS Chiara LA Device: JUVÉDERM VOLUMA®	20 participants	December 31, 2020	June 1, 2023	Taiwan	NCT04622085	Active, not recruiting	dermal fillers
22	Comparative Ultrasound Analysis of Two Hyaluronic Acid Dermal Fillers (RES)	Device: Restylane Contour Device: Juvederm Voluma	15 participants	July 12, 2022	December 31, 2023	United States, Florida	NCT05622851	Active, not recruiting	dermal fillers

23	Evaluating the Performance and Safety of the Medical Device Auralya® in the Treatment of Facial Dermal Tissue Defects	Device: Auralya	48 participants	March 21, 2022	December 11, 2022	Romania	NCT05239130	Active, not recruiting	dermal fillers
24	The Evaluation of the Safety and Effectiveness of a Novel Gel-type Sodium Hyaluronate for the Correction of Aging Mid-face	Device: 2% HA	80 participants	December 31, 2020	June 1, 2023	Taiwan	NCT04599335	Active, not recruiting	dermal fillers
25	Safety and Effectiveness of STYLAGE® L for Correction of Moderate and Severe Nasolabial Folds in Chinese Adults	Device: STYLAGE® L Device: Active Comparator	390 participants	May 6, 2021	01 December 2022	china	NCT04861766	Active, not recruiting	dermal fillers
26	Gene Expression Study Between Two Dermal Injectables Hydroxylapatite Semi-permanent Filler (Sculptra)	Device: Sculptra Device: Radiesse Plus	20 participants	September 28, 2022	April 30, 2023	United States, Florida	NCT05620043	Active, not recruiting	dermal fillers
