

Description of Additional Supplementary Files

File name: Supplementary Data 1.

File Description: Viruses considered pathogenic.

File name: Supplementary Data 2.

File Description: URTS depletion.

File name: Supplementary Data 3.

File Description: LRT depletion.

File name: Supplementary Data 4.

File Description: Viral loss.

File name: Supplementary Data 5.

File Description: Bacteria loss.

File name: Supplementary Data 6.

File Description: RNA recovery.

File name: Supplementary Data 7.

File Description: Viral LoD

File name: Supplementary Data 8.

File Description: Bacteria LoD

File name: Supplementary Data 9.

File Description: Candida LoD

File name: Supplementary Data 10.

File Description: Viral performance.

File name: Supplementary Data 11.

File Description: Bacteria performance.

File name: Supplementary Data 12.

File Description: Candida performance.

File name: Supplementary Data 13.

File Description: Prospective samples.

File name: Supplementary Data 14

File Description: Primers

File name: Supplementary Data 15

File Description: Negative controls.
