Abbreviations NVDRS: National Violent Death Reporting System; WISQARS: Web-based Injury Statistics Query and Reporting System; RAD: Restricted Access Database; VDRS: [State/Territory/Jurisdiction] Violent Death Reporting System

Key √: Data included. √ without a superscripted footnote denotes jurisdiction-wide data collection, which includes data in all counties within that jurisdiction.; 0: No data included

*Table adapted from Center for Disease Control and Prevention, National Violent Death Reporting System User Guidelines

^a Some, but not all, counties in the state participated in data collection during this year.

^b Excluded from this data year due to incomplete case reporting

^c Collected data on >80% of violent deaths in the state, in accordance with requirements under which the state was funded.
