Rigor and reproducibility in human brain organoid research: Where we are and where we need to go

Soraya O. Sandoval, Gerarda Cappuccio, Karina Kruth, Sivan Osenberg, Saleh M. Khalil, Natasha M. Méndez-Albelo, Krishnan Padmanabhan, Daifeng Wang, Mark J. Niciu, Anita Bhattacharyya, Jason L. Stein, André M.M. Sousa, Elisa A. Waxman, Elizabeth D. Buttermore, Dosh Whye, Carissa L. Sirois, Cross-IDDRC Human Stem Cell Consortium, Aislinn Williams, Mirjana Maletic-Savatic, and Xinyu Zhao

Supplemental Information

Members of Cross- National Institute of Child Health and Human Development (NICHD) Intellectual and Developmental Disorders Research Centers (IDDRC) Human Stem Cell Consortium:

Stewart Anderson: Children's Hospital of Philadelphia
Anita, Bhattacharyya: University of Wisconsin-Madison
Elizabeth Buttermore: Boston Children's Hospital
Qiang Chang: University of Wisconsin-Madison
Deborah French: Children's Hospital of Philadelphia
Kazue Hashimoto-Torii (Children National Medical Center
Harley Kornblum: University of California, Los Angeles
Kristin Kroll: Washington University.
Herbert M Lachman: Albert Einstein College of Medicine
Mirjana Maletic-Savatic: Baylor College of Medicine.
Mark Niciu: University of Iowa
Bennett Novitch: University of California, Los Angeles
Krishnan Padmanabhan: University of Rochester
Chris Proschel: University of Rochester
Mustafa Sahin: Boston Children's Hospital
Andre Sousa: University of Wisconsin-Madison
Jason Stein: University of North Carolina, Chapel Hill
Daifeng Wang: University of Wisconsin-Madison
Elisa Waxman: Children's Hospital of Philadelphia
Dosh Whye: Boston Children's Hospital
Aislinn Williams: University of Iowa
Xinyu Zhao: University of Wisconsin-Madison
