eAppendix. Study Design

This supplemental material has been provided by the authors to give readers additional information about their work.

eAppendix. Study Design

Study design for eligible sample: First, patients diagnosed with colorectal cancer (CRC) defined by the SEER Site Recode ICD-O-3/WHO 2008 definition of colon cancer (C180–C189), rectosigmoid junction cancer (C199), and rectal cancer (C209) were used to select CRC patients through SEER* stat. Furthermore, cause-specific death for CRC was defined by using SEER causes-specific death classification.
