

Data Sharing Statement

Rodin. Mortality and Function After Widowhood Among Older Adults With Dementia, Cancer, or Organ Failure. *JAMA Netw Open*. Published September 12, 2024.

doi:10.1001/jamanetworkopen.2024.32979

Data

Data available: No

Additional Information

Explanation for why data not available: The existing HRS dataset contains data that have already been collected and re-contacting participants is not possible. Access to the data requires the completion of a data use agreement, which prohibits any redistribution of the data to other researchers or attempts to re-identify research participants. Researchers may access the data by requesting it and executing and a data use agreement with CMS.
