

Description of Additional Supplementary Files

File Name: Supplementary Data 1

Description: Statistical analysis

File Name: Supplementary Movie 1

Description: Optogenetic activation of the MeA OXTR somata projecting to the AI increased consolation.

File Name: Supplementary Movie 2

Description: Optogenetic activation of the fibers at the AI from the MeA OXTR neurons increased consolation.

File Name: Supplementary Movie 3

Description: Optogenetic activation of the MeA OXTR somata projecting to the VMHvl aggression.

File Name: Supplementary Movie 4

Description: Optogenetic activation of the fibers at the VMHvl from the MeA OXTR neurons increased aggression.

File Name: Supplementary Movie 5

Description: Optogenetic activation of the fibers at the AI from the glutamatergic (VGlut2) MeA OXTR neurons increased consolation.

File Name: Supplementary Movie 6

Description: Optogenetic activation of the fibers at the VMHvl from the glutamatergic (VGlut2) MeA OXTR neurons increased aggression.
