

CORRECTIONS

Collagen synthesis by cell lines derived from Mov-13 mouse embryos which have a lethal mutation in the collagen $\alpha 1(I)$ gene

M. DZIADEK, R. TIMPL and R. JAENISCH

Vol. 244 (1987)

p. 378, second column, last paragraph, line 8:

for It is not *read* It is now

Stereoselective formation and hydration of 12-methylbenz[a]anthracene 5,6-epoxide enantiomers by rat liver microsomal enzymes

S. K. YANG, M. MUSHTAQ, H. B. WEEMS, D. W. MILLER and P. P. FU

Vol. 245 (1987)

p. 192, second column, line 30, and p. 197, legend to Fig. 5:

for (S)-DNBL *read* (R)-DNBPG

p. 194, first column, line 19:

for 4.3 nmol *read* 21.5 nmol

A rapid assay for measuring the activity and the Mg^{2+} and Ca^{2+} requirements of phosphatidate phosphohydrolase in cytosolic and microsomal fractions of rat liver

A. MARTIN, P. HALES and D. N. BRINDLEY

Vol. 245 (1987)

p. 348, second column, third paragraph, lines 4 and 5:

for 50 ml of resin/mg of phosphatidate *read* 50 ml of resin/g of phosphatidate
