**RC:** *In the chapter 2.2 Data and data preprocessing, the spelling of "ABIDE" is missing "A"(page 5). You should pay attention to these spelling problems and check the words in the whole text as well as sentence problems.*

**AR:** Thank you for your thorough review and constructive feedback. We appreciate your attention to detail.

In Chapter 2.2, Data and Data Preprocessing, we have corrected the spelling of "ABIDE" by adding the missing "A" on page 5. Further, following your suggestion, we have carefully reviewed the entire manuscript for any additional spelling errors and sentence structure issues.
