Description of Additional Supplementary Files

File name: Supplementary Data

Description: Detailed information of experiments

File name: Supplementary Data 1

Description: NMR spectra

File name: Supplementary Data 2

Description: Table of acid coupling

File name: Supplementary Data 3

Description: Table of thiol coupling

File name: Supplementary Data 4

Description: Table of amine coupling

File name: Supplementary Data 5

Description: Table of alkene coupling

File name: Supplementary Data 6

Description: Table of alkyne coupling

File name: Supplementary Data 7

Description: Table of oxazole formation

File name: Supplementary Data 8

Description: Table of diazo acetate coupling

File name: Supplementary software 1

Description: Python code for individual step

File name: Supplementary software 2

Description: Python code for DigiChemTree

File name: Supplementary movie

Description: Video of running setup
