Certificate

To whom it may concern:

We hereby confirm that Dr. Weidong Gu applied for an ethics review on a clinical trial in September 2022. The title of the trial was a study on the design of optimal puncture path and needle trajectory presentation assisted by mixed reality intelligence for lumbar puncture in elderly patients, which was approved by the Ethics Committee of Huadong Hospital Affiliated to Fudan University on December 1, 2022. Approved Document Number: 20220140. Ethics Committee Project Number: 2022K242. Ethical approval has been applied for and granted for a clinical trial extension, valid until December 31, 2024.

Best regards

Yue Zhu

Chairman
