

Stanford CSI Follow-up Learner Survey

Start of Block: Default Question Block

Intro Dear Stanford CSI Alumni,

We hope that you and your families are healthy and thriving in these challenging times.

Time has flown! Seven years ago, we started the Stanford Clinical Summer Internship, and have met the most amazing students – you! Now, we would like to understand what you are doing, and how Stanford-CSI was useful for you.

We would be very grateful if you could take 5 minutes to complete this anonymous survey. We will use your responses to revisit and improve our program.

Warmly,
Drs. Khemani and Weinlander and the Stanford-CSI team
