

Do you have a presumed or confirmed diagnosis of:

- Microvascular angina
- Coronary Microvascular dysfunction/disease
- Vasospastic angina
- Coronary Vasospasms
- Coronary Artery Spasms
- Prinzmetal /Variant Angina
- Angina/ischaemia with no obstructive coronary arteries (ANOCA/INOCA)

We are looking for up to 20 people to take part in a research study involving a 1-hour telephone interview with an experienced researcher.

The study aims to understand:

- what it is like to live with these conditions
- how you manage your symptoms
- how suitable an existing programme called cardiac rehabilitation (which is offered to people with other types of heart condition) might be for you.

**CONTACT
US**

To find out more about the study or how to take part, please email:
