

Appendix III: Data Extraction Template

General Information	
Title	
Author details	
Paper type	<ul style="list-style-type: none"> • Original Research • Brief Report • Review Paper • Conference Abstract • Commentary • Other
Country in which study was conducted	<ul style="list-style-type: none"> • United States • UK • Canada • Australia • Other
Publication date	
Funding	
Characteristics of Included Studies	
Methods	
Purpose of study	
Study design	<ul style="list-style-type: none"> • Randomised controlled trial • Non-randomised experimental study • Cohort study • Cross sectional study • Case control study • Systematic review • Qualitative research • Prevalence study • Case series • Case report • Diagnostic test accuracy study • Clinical prediction rule • Economic evaluation • Text and opinion • Other
Population description	
Total number of participants	
Description of intervention/study design	
Type of care for PWOD	<ul style="list-style-type: none"> • OAT initiation • OAT follow up • OAT/MOUD general (not specified) • Syringe services • STBBI/HCV/HIV • Mental health (eg. Anxiety/Depression/PTSD) • Other
Setting of primary care facility	<ul style="list-style-type: none"> • Family physician clinic • Walk in clinic • Rural clinic • Veterans (VA Hospital/Clinic) • Outpatient OAT/SUD treatment • Community health centres/clinics • Outreach/mobile clinic • Primary care not specified • Other
Modalities	<ul style="list-style-type: none"> • FaceTime/Zoom Call (Video Conference) • Telephone (Audio only) • In-person • Telemedicine not specified • Other
Results	
Patient outcomes or results	
Facilitators	
Barriers	
Relevant health system features	<ul style="list-style-type: none"> • Private fee and co-pay (finance) • Free/universal access (finance) • Medicare/Medicaid (finance) • Uninsured (finance) • Team-based care/interdisciplinary • Clinicians/Teams Private (delivery) • Clinicians/Teams Public (delivery) • Low-barrier access (if yes include in other) • Other
Future research	
Notes
