

**Supplementary Figure 1.** Distribution of serum phosphate levels across data sources.

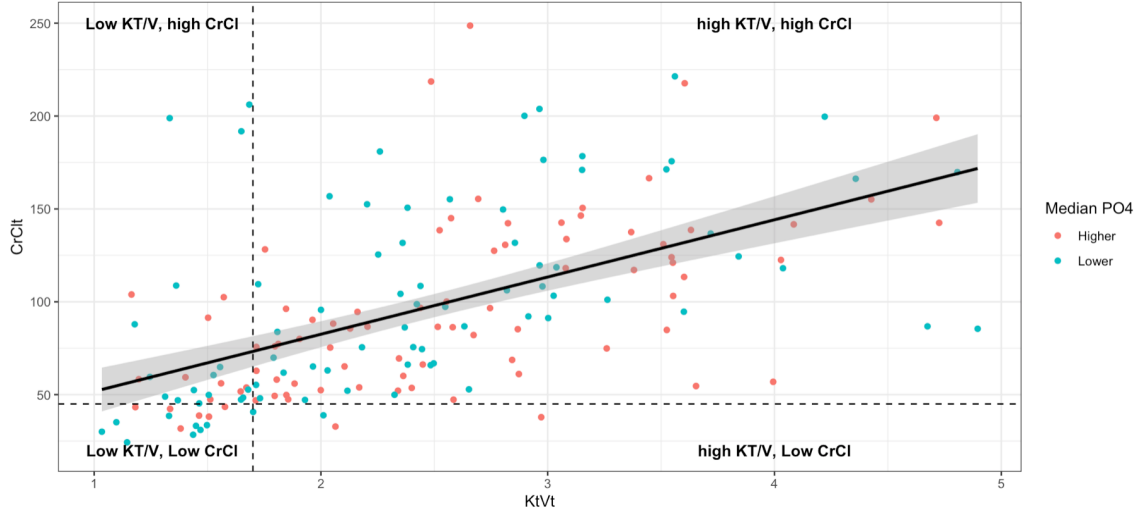

A: Renal Research Institute. B: Mount Sinai. C: Guadalajara. D: BRAZPD

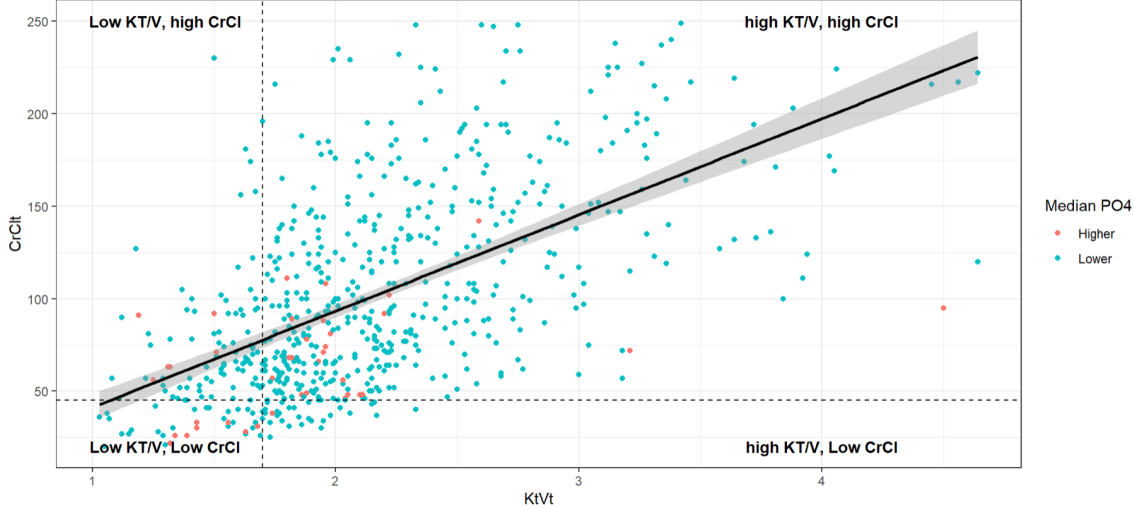

**Supplementary Figure 2.** Distribution of Kt/V per CrCl by serum phosphate levels in the FMC-LATAM cohort.

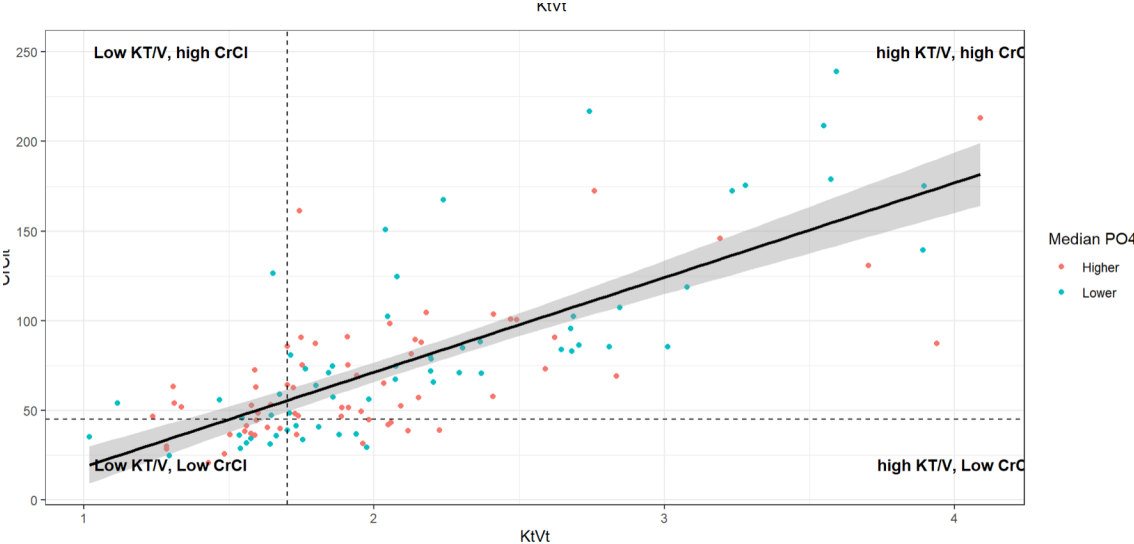

**Supplementary Figure 3.** Distribution of Kt/V per CrCl by serum phosphate levels in the BRAZPD cohort.

**Supplementary Figure 4.** Distribution of Kt/V per CrCl by serum phosphate levels in the RRI cohort.

**Supplementary Figure 5.** Distribution of Kt/V per CrCl by serum phosphate levels in the Mount Sinai cohort.

**Supplementary Figure 6.** Distribution of Kt/V per CrCl by serum phosphate levels in the Guadalajara cohort.
