

Table 2. Nomenclature of palatal structures as presented in Figure 2.

<b>structure</b>	<b>Term</b>	<b>Reference</b>
a	Buccal vestibule Outer alveolar groove Vestibular buccal vestibule Lip groove, labial groove Labio- gingival groove Outer buccal margin Vestibular groove, bucco-marginal groove, labio-bucco-tectal groove, labio-tectal groove, labio- gingival groove	[49] Schwarz* Schwarz*, [105] [51] Norberg* Freiband* Bolk*
b	Alveo-palatinal sulcus	Ashley-Montagu*
b'	Dento- gingival groove	Bolk*, [105]
b + b'	Postero-lateral sulcus Tooth germ groove Inner alveolar groove, dental groove Dental groove; dental and gingival grooves are divided by the incisal papilla into lateral halves [18]	Ashley-Montagu* [108], [49] [62], [54], [55], Schwarz* [50], [51]
c	Transitory palatal fold	[62], [55], Schwarz*
d	Transitory palatal groove Anterior palatal groove Gingival groove	[31], [48], Bolk* [105] [108]
c + d	Gingival groove (defines the inner alveolar margin; gingival and dental grooves are divided by the incisal papilla into lateral halves [18])	[50], [51]
e	Lingual groove	Freiband *
f	Anterior sulcus	Ashley-Montagu*
g	Anterior groove	[108]
h	Antero-lateral sulcus	Ashley-Montagu*
i	Antero-lateral groove	[108]
j	Lateral sulcus	Ashley-Montagu*
2	Bucco-tectal groove	[25]
p + 2 + 4	Frenulum labii superioris	Bolk*
3	Frenulum tecto-labiale	[108]
1	Frenulum labio-tectale	[49]
1	Frenulum labiale	Bolk*
1	Frenum labii	Norberg*
i	Frenulum of cheek	[105]
1	Frenulum laterale	[51]
1	Papilla incisiva	[31]
2	Alveolar wall/-bulge	[49], [105]
2	Dental wall	[76], [31]
2	Palatal wall	Schwarz*, [62], [108], [54], [105], Bolk*
2 + 4	Tekta l wall	Gegenbaur*
5	Tekta l wall	Bolk*, [105]
vestibular part of 1	Pseudo alveolar wall	[55]
1 + 3	Dental molar wall	Schwarz*, [62], [108], [54], [55], [105]
4	Alveolar wall	Retzius*
4	Tekta l bulge	Gegenbaur*
2 + 4	Lateral palatine ridge	Schwarz*, [54], [105]
5	Lateral palatine shelve	[52]
vestibular part of 1	Lateral alveolar ridge	[107]
1 + 3	Lateral palatine prominences, Lateral palatine processes	[102]
4 + 5	Tekta l wall	[107]
4 + 5	Palatal vault	[108]
4 + 5	Vestibular germ bulge	[105]
4 + 5	Border bulge	Schwarz*
4 + 5	Border area, ona marginalis	Schwarz*
4 + 5	Gingival ridge	Bolk*
4 + 5	Tegmen pris	[85]
4 + 5		Bolk*
