

ERRATUM

Because of a printer's error, Table 2 in "A transfer of functions through derived arbitrary and nonarbitrary stimulus relations" (Barnes & Keenan, *JEAB*, 59, 71) was incorrect. Below is the correct version.

Table 2

Obtained number of trials and training and test sequences for subjects across Phases 1, 2, and 3 of the four experiments.

Subject	Experiment 1			Experiment 2			Experiment 3			Experiment 4					
	1	2	3	1	2	3	1	2	3	1	2	3			
S1	200	50	Fail/Stage 1	S9	160	50	Fail/Stage 2	S17	240	160	Fail/Stages 2 and 3	S25	240	90	Fail/Stages 2 and 3
S2	160	80	Pass				Pass				Fail/Stage 3				Fail/Stage 4
S3	240	50	Fail/Stage 2	S10	200	70	Fail/Stages 2 and 3				Pass				Pass
S4	280	60	Fail/Stage 2(2) ^a	S11	240	70	Fail/Stage 1	S18	300	80	Fail/Stage 2(2)	S26	240	80	Pass
S5	160	50	Pass				Fail/Stage 1	S19	240	50	Pass	S27	240	60	Fail/Stage 1
S6	320	120	Fail/Stage 1				Fail/Stages 2 and 3	S20	300	120	Fail/Stage 1				Fail/cond. dis.
			Fail/cond. dis. ^b				Fail/Stage 2(2)				Fail/Stages 2 and 3				Fail/Stages 2, 3, and 4
			Fail/Stage 2(2)				Pass				Fail/cond. dis.				Fail/Stage 3
S7	160	50	Pass	S12	160	50	Pass				Fail/Stage 2	S28	240	50	Pass
S8	200	50	Pass	S13	240	60	Fail/cond. dis.				Pass	S29	360	50	Fail/cond. dis.
			Pass				Pass	S21	300	60	Pass				Pass
			Pass	S14	240	110	Fail/Stage 2(2)	S22	240	60	Fail/cond. dis.	S30	240	110	Fail/Stage 1
			Pass				Pass	S23	240	60	Pass				Fail/cond. dis.
			Pass	S15	240	70	Fail/Stage 3	S24	360	50	Pass				Fail/Stages 2, 3, and 4
			Pass				Pass				Fail/Stage 1				Fail/Stage 3
			Pass	S16	160	50	Fail/Stage 1				Fail/Stages 2 and 3				Fail/Stage 1
			Pass				Pass				Fail/cond. dis.				Fail/cond. dis.
			Pass				Fail/Stage 2				Fail/cond. dis.	S31	240	50	Pass
			Pass				Pass				Fail/Stage 2				Fail/Stage 1
			Pass				Pass				Pass				Fail/Stages 2 and 3(2)
			Pass				Pass				Pass				Fail/cond. dis.
			Pass				Pass				Pass	S32	240	50	Pass
			Pass				Pass				Pass				Fail/Stages 2, 3, and 4(5)
			Pass				Pass				Pass				Pass

^a Numbers in parentheses record the number of times the subject repeatedly failed to achieve the stability criterion for the indicated stage or stages. If a subject failed a stage or stages only once, the parentheses are omitted.

^b cond. dis. refers to the conditional discrimination test trials that alternated with the schedule control trials throughout Phase 3.
