

Table 5. Long-distance trips per person, according to age group, and trip duration (1995 data, from www.bts.gov/publications/national_transportation_statistics)

	Age group, years			
	<18	18-29	30-64	65+
Share of person-trips	16.0%	17.2%	57.7%	9.3%
Share of population	29%	14%	45%	13%
Annual number of trips per capita	2.3	3.7	4.8	2.8

Duration (number of nights)	0	1-3	4-7	8+
Share of trips, %	23.9	50.2	18.5	7.4

Within each trip duration range, we assume a uniform distribution, with a maximum of 11 nights.
