

This is an appendix to the paper by Morand & Harvey 2000 Mammalian metabolism, longevity and parasite species richness. *Proc. R. Soc. Lond. B* **267**, 1999–2003.

Electronic appendices are referred with the text. However, no attempt has been made to impose a uniform editorial style on the electronic appendices.

Appendix A. Sources for numbers of parasitic helminth species found in mammals.

- Alden, K.J. 1995. Helminths of the Opossum, *Didelphis virginiana*, in Southern Illinois, with a compilation of all Helminths reported from this host in North America. *Journal Helminthological Society of Washington*. 62: 197-208.
- Allen, R.W. 1956. Parasites of mountain sheep in New Mexico. *Journal of Parasitology* 583-587.
- Andrews, C.L. and W.R. Davidson. 1980. Endoparasites of selected populations of cottontail rabbits (*Sylvilagus floridanus*) in the southeastern United States. *Journal of Wildlife Diseases*. 16: 395-401.
- Barrett, R.E. and D.E. Worley. 1970. Parasites of the Pika (*Ochotona princeps*) in two counties in south-central Montana, with new host records. *Proceeding Helminthological Society Washington* 37: 179-181.
