Errata

In the May 1996 issue of the *Journal,* a typographical error appeared in the letter "Limits on Fine Mapping of Complex Traits," by Kruglyak and Lander (58:1092– 1093). In the last paragraph on page 1092, the equation "$\lambda_M = \lambda_S - 1$" should read "$\lambda_M = 2\lambda_S - 1$."

Also in the May 1996 issue of the *Journal,* an error introduced during the production process resulted in incorrect data in table 1 of "An Ancient Common Origin of Aborigi- nal Australians and New Guinea Highlanders Is Supported by α-Globin Haplotype Analysis," by Roberts-Thomson et al. (58:1017–1024). The correct table 1 is as follows:

Table 1

α-Globin Haplotypes in Central Australians

Haplotype	No.
Ia	1
IId	1
IIe	16
IIh[a]	5
IIi[a]	1
