

Table S1. Distribution of consensus sequences by number of reads

Read frequency	# consensus tags^a
2	3940
3	2020
4	1328
5	924
6-10	2833
11-100	3563
101-1000	212
>1001	2

^aNumber of consensus sequences (total of 14,822) represented by the associated read count in the 2-sample multiplexed library.
