

Distribution of SLEPR pathway ranking scores vs gene set sizes for data in TableS2

Distribution of SLEPR pathway ranking scores vs gene set sizes for data in TableS2 (size: 0–500)

Distribution of SLEPR pathway ranking scores vs gene set sizes for data in TableS2 (size: 0–200)

Histogram distribution of gene set sizes for terms in TableS2

**Histogram distribution of gene set sizes for terms in TableS2 (top 100 ranked terms)**

Histogram distribution of gene set sizes for terms in TableS2 (top 50 ranked terms)

Histogram distribution of gene set sizes for terms in TableS2 (top 10 ranked terms)

Distribution of SLEPR pathway ranking scores vs gene set sizes for data in TableS4

Distribution of SLEPR pathway ranking scores vs gene set sizes for data in TableS4 (size: 0–500)

Distribution of SLEPR pathway ranking scores vs gene set sizes for data in TableS4 (size: 0–200)

Histogram distribution of gene set sizes for terms in TableS4

Histogram distribution of gene set sizes for terms in TableS4 (top 100 ranked terms)

Histogram distribution of gene set sizes for terms in TableS4 (top 50 ranked terms)

**Histogram distribution of gene set sizes for terms in TableS4 (top 10 ranked terms)**

Distribution of SLEPR pathway ranking scores vs gene set sizes for data in TableS6

Distribution of SLEPR pathway ranking scores vs gene set sizes for data in TableS6 (size: 0–500)

Distribution of SLEPR pathway ranking scores vs gene set sizes for data in TableS6 (size: 0–200)

**Histogram distribution of gene set sizes for terms in TableS6**

**Histogram distribution of gene set sizes for terms in TableS6 (top 100 ranked terms)**

**Histogram distribution of gene set sizes for terms in TableS6 (top 50 ranked terms)**

**Histogram distribution of gene set sizes for terms in TableS6 (top 10 ranked terms)**
