Canadians work hard and play by the rules. But where in the rules does it allow junkies and addicts to threaten or steal from innocent families? What rule says that drug pushers should be able to feed off the weak and sick in our society? What rule says that drug gangs can terrorize neighbourhoods? The answer is clear. Thugs, drug pushers, and others involved in the drug trade are writing their own rules. For too long, lax Liberal governments left gangs and drug pushers to make their own rules and set their own criminal agenda. Those days are over.

The Conservative Government is acting to stop this sickening trade now. We are punishing drug pushers, getting junkies and addicts off the streets, and cracking down on the flow of illegal drugs at the border. This is real action that we are taking for all Canadians who have been harmed, one way or another, by the illicit drug trade. We're putting the health and safety of law-abiding families first.
