

## Supplementary Figures

**FIG. S1.** H<sub>2</sub>O<sub>2</sub>-dependent *Leishmania major* promastigote cell death. The data shown are means ± SEM.

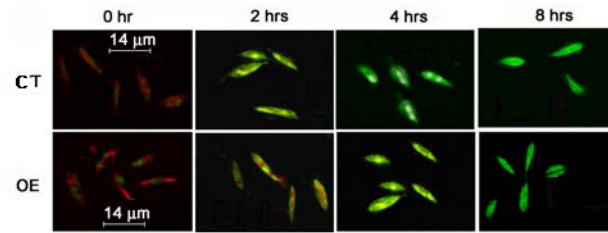

**FIG. S2.** Confocal imaging of JC-1 labeled control (CT) and LmAPX overexpressing (OE) cells with indicated time and treatment. Data were representative of one of three similar results.

**FIG. S3.** Confocal imaging of Annexin-V labeled control (CT) and LmAPX overexpressing (OE) cells with indicated time and treatment. Results were representative of three independent experiments.
