

Supplementary Tables

Table S1: Two sample comparison methods. All these methods require gene expression measurements from individual cell types.

Table 1

Method	Comment	Reference
Fold change		[1, 2]
T-test		[3]
ANOVA	Multiple samples	[4-6]
SAM	Borrow information across genes	[7]
Regularized t-test		[8]
B statistic		[9]
Mixture models		[10-13]
